# MAYOR'S REPORT

## 1. MAYORAL OVERVIEW: 2017/18 DRAFT BUDGET

The draft budget of the Municipality must be presented to Council before 31 March 2017 for adoption.

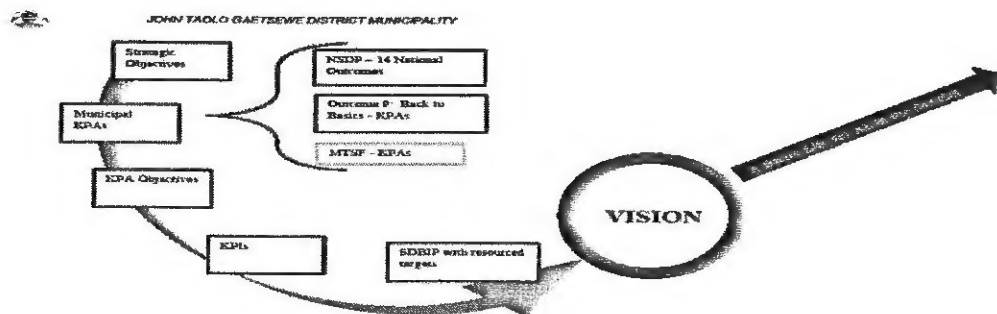

As required by legislation, the Integrated Development Plan (IDP) has been adopted by Council after consultation with stakeholders and addresses the challenges and achievements of the year under review.

Council continues to operate under strenuous financial conditions and thereby to do more with limited resources. We need to remain focused on the effective delivery of the core municipal services through the application of efficient and effective service delivery mechanisms. We would like to report that we present a budget with a deficit. The Budget Steering Committee have worked hard to try and reduce expenditure in order to reduce the deficit in our budget. Given the fact that we operate under limited resources, the municipality will have to do more with less and work harder and smarter. As a municipality we need to utilize our financial resources efficiently and effectively and also as part of the cost containment measures, reduce expenditure on non-essential services. For survival, the municipality will have to look at ways through which we can provide services and generate income in order to further reduce the deficit that the municipality is facing and to aim at being financial sustainable.

## LINKAGES BETWEEN ANNUAL BUDGET, IDP AND THE POLITICAL PRIORITIES AT THE NATIONAL, PROVINCIAL, DISTRICT AND LOCAL MUNICIPALITIES

The process of compilation of a new IDP for another five year cycle has been culminated into an IDP Lekgotla held on 15th and 16th of March 2017. The participation process in the District Municipality depend on the participation of the Local Municipalities and sector departments. This is recognized in the Process Plan of each local municipality, which decide on its own process and where necessary the District Municipality provided assistance through its Planning Centre. The municipality has aligned its priorities with the 14 national outcomes in the MTSF of the Government as based on the NSDP. Priorities are further aligned to the six KPA's for local government.

The following flowchart is an illustration of the alignment between these plans and the municipal priorities, KPA's, service delivery objectives, KPI's and annual targets.

## SUMMARY OF ANY MATERIAL AMENDMENTS MADE TO THE ANNUAL BUDGET AFTER CONSULTATION PROCESS

- There were no material changes made to the draft budget after consultation with the community, the management team and the budget steering committee. The budget is zero-based meaning there will be no deficit or surplus for the draft budget 2017/18. Draft budget 2017/18 were made to cut costs on the non-essential services (S&T, catering services, forums etc.) with the aim to reduce expenditure. The reduction on non-essential services were done to comply with Circular 82 on cost containment measures.
- No changes were made to our Priorities, Vision, Mission and Values
- Employee related costs had a significant impact on the overall draft budget.

## **2. EXECUTIVE SUMMARY: 2017/18 DRAFT BUDGET**

The application of sound financial management principles for the compilation of the John Taolo District Municipality budget is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

In compiling this financial plan, priority was given to the service delivery departments namely Basic Services, Community Development Services and Local Economic Development (LED). The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes.

All views from the Local Municipalities, National and Provincial Treasuries and other relevant provincial and national departments has been considered and the municipality will also follow the requirements of Section 16 of the MFMA in compilation of this budget in order to present the adjustments budget to all relevant stakeholders.

### **2.1. DEVELOPMENTAL CHALLENGES**

The John Taolo Gaetsewe District Municipality faces huge developmental challenges, which revolve around finding ways to obtain additional funding sources to meet basic, social and economic needs of the people of John Taolo Gaetsewe District.

**The main challenges experienced during the compilation of the 2017/18 MTREF can be summarised as follows:**

- To allocate limited funding to achieve a balance between the needs and requirements of the various strategic focus areas relevant to the Municipality's powers and functions as identified in the IDP consultative process. The municipality continues to be grant dependent with 90% of its budget being funded from grants and subsidies and the remainder revenue sources being expected from investments and the Local Municipalities (Audit and Risk Shared Services).
- Wage increases for municipal staff that continue to exceed the wage bill limitation and inflation, as well as the need to fill critical vacancies;
- Ability to provide support to Local Municipalities within the District, given limited capacity/resources in terms of funding
- The increase in total expenditure on salaries which continue to exceed the norm of 32% of the total budget
- The need to fill critical posts
- Grant dependency
- New mSCOA MTREF is a challenge to all stakeholders due to change management and budgeting formats

### **2.3. ASSUMPTIONS OF THE 2017/18 DRAFT BUDGET**

Great strides have been made to ensure alignment of the budget with the IDP, national and provincial priorities. The budget for the current MTREF aims to address strategic focus areas and primary objectives within the available resources as contained in the IDP.

Recently released Budget Circular No. 85 for 2017/18 MTREF dated 9 December 2016 and Budget Circular No. 86 for 2017/18 MTREF dated 14 March 2017 were also considered.

MFMA: Municipal Budget and Reporting Regulations (MBRR) and MFMA: Regulations on Municipal Standard Chart of Accounts (mSCOA) were considered as the legislative framework

No provisions for rates, taxes and surcharges were made as the municipality is not providing services directly to the community except for the tariffs on the services provided by community development services.

No valuation roll for rates and taxes

Section 28 of the MFMA was also used as a guide to the compilation of the 2017/18 draft budget.

In view of the aforementioned, the following table is a consolidated overview of the proposed 2017/18 Draft Budget

	BUDGET YEAR 2017/18	BUDGET YEAR 2018/19	BUDGET YEAR 2019/20	TOTAL OVER MTREF
	R	R	R	R
<b>TOTAL OPERATING REVENUE</b>	R 82 374 310	R 92 720 870	R 96 007 942	R 271 103 122
<b>TOTAL OPERATING EXPENDITURE</b>	R 82 374 310	R 92 720 870	R 96 007 942	R 271 103 122
<b>SURPLUS/(DEFICIT)</b>	<b>R 0</b>	<b>R 0</b>	<b>R 0</b>	<b>R 0</b>
<b>CAPITAL BUDGET</b>	<b>R 0</b>	<b>R 0</b>	<b>R 0</b>	<b>R 0</b>

Total operating revenue and expenditure will always equal each other with the new mSCOA (Municipal Standard Chart of Accounts) because one is not permitted to budget for a deficit or surplus.

As per MFMA, Section 18 for funding of expenditure:

1. An annual budget may only be funded from:
  - (a) realistically anticipated revenues to be collected;
  - (b) cash-backed accumulated funds from previous years' surpluses not committed
  - (c) borrowed funds, but only for the capital budget referred to in section 17(2)
2. Revenue projections in the budget must be realistic taking into account:
  - (a) projected revenue for the current year based on collection levels to date; and
  - (b) actual revenue collected in previous financial years.

### 3. OPERATING REVENUE FRAMEWORK

For John Taolo Gaetsewe District Municipality to continue improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality is that we are faced with development backlogs and poverty. The expenditure required to address these challenges will inevitably always exceed available funding; hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

It is evident from the above that the municipality continues to be grant dependent, with the municipality experiencing a deficit budget over MTREF. Aggressive funding strategies needs to be developed in order to turn the situation around.

Provision has been made in the 2016/17 SDBIP for the municipality to develop and implement the revenue enhancement strategy, which will take into consideration the following key components:

- National Treasury's guidelines and macroeconomic policy
- Municipality growth and continued economic development
- Determining the tariff escalation rate by establishing/calculating the revenue requirements for each service
- Increase ability to extend new services and recover costs
- Tariff policies of the Municipality

**6.10.30/03/2017**

### **DRAFT BUDGET 2017/18- 2019/20 MTREF**

---

#### **PURPOSE**

To submit the Draft Budget with regard to the 2017/18 to 2019/20 Medium Term Revenue & Expenditure Framework.

#### **STRATEGIC INTENT**

To obtain Council's approval for the Draft Budget 2017/18 to 2019/20 MTREF.

#### **BACKGROUND**

In terms of the MFMA (Section 16)

- (1) The Council of a Municipality must for each financial year approve an annual budget for the Municipality before the start of the financial year.
- (2) In order for a Municipality to comply with subsection (1), the Mayor of the Municipality must table the annual budget at a Council meeting at least 90 days before the start of the budget year.
- (3) The MSCOA regulations apply to all municipalities with effect from 1 July 2017. This means that the compilation of the 2017/18 Medium-Term Budget and Expenditure Framework (MTREF) must be compliant with MSCOA classification framework.

**References**

1. Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes

2. Total Revenue by functional classification must reconcile to Total Operating Revenue shown in Budgeted Financial Performance (revenue and expenditure)

3. Total Expenditure by Functional Classification must reconcile to Total Operating Expenditure shown in Budgeted Financial Performance (revenue and expenditure)

4. All amounts must be classified under a functional classification. The GFS function 'Other' is only for Abattoirs, Air Transport, Forestry, Licensing and Regulation, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification.

1 Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTRF it is now directly linked to A7.
